Pallet Handling

EZ Loader[®]

Automatic Pallet Positioner

Bishamon >>>
ON-DEMAND

Available in Stainless Steel!

The most advanced pallet positioner you can buy!

- ▶ Handles capacities from 250 lbs. to 4,000 lbs.
- ▶ Three-position EZ-Adjust Knob allows adjustment of the collapsed capacity to 1,200 lbs. without changing air pressure
- ▶ Self-leveling system keeps the load at a convenient working height, helping to eliminate bending and improve productivity
- ▶ Integral rotator ring helps eliminate reaching and stretching
- ▶ Stainless steel model available

EZ Off Lifter[®]

Floor Level Pallet Positioner

Floor level pallet positioner with a rotating platform!

- ▶ Handles loads up to 2,000 lbs to a 30" maximum raised height
- ▶ Platform has an amazingly low 1.75" lowered height
- ▶ Rotating platform eliminates reaching stretching or the need to walk around the pallet to load or unload
- ▶ Two models to fit most any application. One model features a fixed ramp position and rests on the floor. The second model (shown) offers three ramp positions and must be attached to the floor
- ▶ 115 VAC hydraulic operation

UniLift[™]

Pallet Lifter and Transporter

Transports and ergonomically lifts standard GMA pallets up to 36" without cumbersome straddle legs!

- ▶ Handles loads up to 2,000 lbs. to a 36" maximum raised height
- ▶ Handles and steers like a standard pallet jack
- ▶ Deployable outrigger technology eliminates cumbersome straddle legs
- ▶ Efficient 24 VAC battery system powers lift operation
- ▶ Multi-roller fork entry system for easy pallet entry and exit
